Placenta Encapsulation \$350

This price includes pick up from the hospital and delivery of the final product to your home.

What's the process?

1. Fill out the placenta [registration form](#) online.
2. Please wait for us to contact you confirming we can accept your request.
3. Bring a small lunch pail type cooler with you to the hospital.
4. Put the cooler in your car as soon as possible.
The hospital will provide ice.
4. Call us or text when you go into labor. We appreciate the heads up!
5. When you get to the hospital, tell your doctor or nurse you want to keep your placenta.
They will have paperwork for you to sign.
6. They will place your placenta in a container.
7. Place the container in the cooler. Fill the cooler with ice. The hospital will provide the ice. Refill with ice every 5 hours.
8. Call us when the placenta is ready to be picked up.
9. We pick up the placenta as soon as we can. We are NOT on call 24/7.*
10. We process it as soon as we can. We deliver it within 2-3 days.
11. We deliver the finished product to you, and at that time the full payment is due.
